## **BASIC RULES OF CONDUCT WITH REGARD TO ENVIRONMENTAL MANAGEMENT**

The following list represents the basic Do's and Don'ts towards environmental awareness, which all participants in this project must consider whilst carrying out their tasks. These are not exhaustive and serve as a quick reference aid.

NOTE: **ALL new site personnel must be briefed on** environmental awareness. Please inform your foreman or manager if you have not attended such a presentation or contact the Environmental Control Officer (ECO).

### **DO:**

- J USE THE TOILET FACILITIES PROVIDED
- J CLEAR YOUR WORK AREAS OF LITTER AND AT THE END OF THE WEEK
- J STORE LITTER IN THE BINS FOR THIS PURPOSE
- J CONFINE WORK AND STORAGE OF EQUIPMENT TO WITHIN THE IMMEDIATE WORK AREA
- J USE ALL SAFETY EQUIPMENT AND COMPLY WITH ALL SAFETY PROCEDURES.
- J PREVENT CONTAMINATION OR POLLUTION OF STREAMS AND WATER CHANNELS.
- J REPORT ANY INJURY OF AN ANIMAL.
- J PREVENT EXCESSIVE DUST AND NOISE.
- J ENSURE THAT SIGNAGE AND OTHER SAFETY MEASURES ARE IN PLACE AND MONITORED.

### **DO NOT:**

- J REMOVE OR DAMAGE VEGETATION WITHOUT DIRECT INSTRUCTION.
- J MAKE ANY FIRES – no open flames or naked flames for heating or cooking shall be allowed unless at designated braai areas.
- J BURN WASTE ON ANY PART OF THE SITE
- J INJURE, TRAP, FEED OR HARM ANY ANIMALS – this includes birds, frogs, snakes, lizards etc.
- J ENTER ANY FENCED OFF OR MARKED AREA.
- J SPEED OR DRIVE RECKLESSLY
- J ALLOW WASTE, LITTER, OILS OR FOREIGN MATERIALS ANYWHERE ON SITE
- J LITTER OR LEAVE FOOD LYING AROUND
- J ENTER NO-GO AREAS

### Notes:

1. **Should any animals such as tortoises or snakes be encountered do not harm them. They will move away by themselves.** The harming of any animal will result in disciplinary action. If there is a snake that poses a threat to humans, CapeNature must be contacted for the safe capture and removal of the snake.
2. Ensure that vehicles and machinery do not leak fuel or oils. Refuelling or maintenance must be done within the site camp area only.
