**RE: BRENTON COVE – PTN 152 OF 216 FARM UITZICHT, BRENTON ON LAKE, KNYSNA
– CAMP SITE – SERVICES REPORT**

As per your suggestion we have created an Addendum to the Services Report, which addresses Phase 1: Water Supply and Phase 1: Sewage Disposal, to enable the Developer to start on a limited Phase 1 of his development using existing Municipal Services while waiting for his Water Use License from the Department of Water and Sanitation.

Please check out the attached revised Report on Services and let us know if you feel it needs any revisions.

Please do not hesitate to contact me if you have any further queries in this regard.

Yours faithfully,

Rein Hofmeyr
